

DRYFAST™
DKI™

DRY IT **YOURSELF** **PROGRAM**

HOW THE PROGRAM WORKS

Dry it Yourself Program was created to assist home owners in finding a unique and creative way to address smaller water damage issues in their homes. By providing them the resources, advice and equipment they may not normally have access to, we've empowered them to take action by 'doing it yourself' and advising them the best way to approach their situation. This allows the home owner to benefit in many ways.

FEATURES

QUICK RESPONSE

10-minute response guarantee and on site within two hours, during regular business hours.

PROFESSIONAL EQUIPMENT

Dryfast will provide you with the most up to date professional drying and monitoring equipment, to ensure your home dries efficiently and successfully the first time.

EXPERT ADVICE

Let our professional and experienced staff assist you in developing the best package suitable for your home and water damage loss.

HOW IT BENEFITS YOU

PROTECT YOUR HOME

Protecting your home and investment from long term water damage is crucial. Looking after water damage immediately can save thousands of dollars in long term damages and health concerns due to mold and bacteria.

KEEP YOUR DEDUCTIBLE SAFE

Today's home insurance market is proving to have larger deductibles for those who may have presented a previous water claim. By utilizing our claims-free drying service, you can address water damage in a professional manner to help reduce future damages and keep your home dry and your insurance deductible safe.

KEEP YOUR CLAIMS FREE DISCOUNT

Insurers reward their clients with a claims free discount to those who have not presented a claim on their home policy. With our expert advice, we can recommend the best possible solution and offer a package which fits your budget, saving your claims-free discount.
